

Mother's Day

Sunday May 9th, 2010

A Collection of cute kid stories...

A sweet little boy surprised his mother one morning and brought her a cup of coffee. He made it himself and was so proud. He anxiously waited to hear the verdict on the quality of the coffee. The mother had never in her life had such a bad cup of coffee, and as she forced down the last sip she noticed three of those little green army guys in the bottom of the cup.

She asked, "Honey, why would three little green army guys be in the bottom of my cup?"

Her son replied, "You know mommy, it's like on TV, 'The best part of waking up is soldiers in your cup.'"

After putting her children to bed, a mother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin.

At last she threw a towel around her head and stormed into their room, putting them back to bed with stern warnings. As she left the room, she heard her three-year-old say with a trembling voice, "Who was THAT?"

A mother was telling her little girl what her own childhood was like. "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods."

The little girl was wide-eyed, taking this in. At last she said, "I sure wish I'd gotten to know you sooner!"

Win a Canon IP3600 colour printer!

To help celebrate Mother's Day this year, we are having a draw for one free Canon IP3600 colour photo printer valued at over \$100. One random ticket number will be drawn each day until May 31st, 2010 and posted on our web site. The lucky winner has until the following day to claim their prize, before the next number is drawn & posted. No purchase necessary, winner must present mailbox flyer in order to claim their prize. No substitutions, prize has no cash value.

Value = \$119.⁹⁹

MAY SPECIALS

(while quantities last)

Canon PIXMA iP3600 Photo Inkjet Printer

Remarkable Photo Printer with Individual Ink Tanks and PictBridge. You're going to love the results from this compact photo printer. Its new 5-colour ink system - four dye-based inks and a pigment-based black ink - produces vivid colours and bold, black text. Patented print head technology lets you create long-lasting photos with resolution up to an amazing 9600 x 2400 colour dpi. How fast? A photo lab-quality 4" x 6" borderless print takes only about 41 seconds.

You can also print photos directly from a compatible digital camera or camera phone - no computer required! The two paper trays let you store both plain and photo paper, so you're always print-ready. And the included software features Auto Photo Fix, which corrects redeye and enhances your images.
